**Judy Rouse, Director of The Life Center in Midland, TX**

“The training you just facilitated has ignited and motivated clarity in a way I have been looking for.

EVERYONE was inspired. This in itself is huge. Judith, who has never sat in on any kind of vision casting has a refined vision and expanded outlook as her role as Finance Director; Matt left feeling empowered as so much of what we have been talking through was conceptualized and put into a doable plan; Dianne...what can I say - her millennial heart and mind exploded with ideas and action plans and me, I know where God is at work, why development needed this training, what to do next, how to carry out the plan to "revision" the story of life for our region. And bottom-line...God used you to do exactly what I had hoped and imagined!

The most impressive take away for all of us was how you made this process painless, encouraging and we had a plan of action we could all get our heads and hearts around.”

**Jeanette Harvey, Director of Hope Women's Resource Clinic in Beaumont, TX**

“We had Jack Eason at our gala this year. It was such a blessing; not only does he know the heart of what we do, he's not afraid to share it and he's not afraid to ask for money. As things would come at me just moments before the gala was kicking off such as strange requests and announcements people wanted to have made, normally with your run of the mill speaker you couldn't throw that at them with their agenda. Not Jack. His response to me was, “I'll handle it, don't worry about it!” I encourage you to at least talk to him and see what he can do to help your center.”

**Bill Sammons, President/General Manager, The Morning Show Co-Host at The Bridge**

"We love working with Jack and Heart Share and we feel that they are on the same page as us about ministry. We feel that fundraising with The Heart Share Group is honest and almost a revival, honestly that happens here among our staff and volunteers and our listeners sense that as well. We've had success every single time, all 11 fundraisers, that we've worked with The Heart Share Group. We appreciate them for their hearts, their pre-planning, their prayer and their financial support of the ministry as well. We just love this organization that they have and I can tell you we're going to be with them a very, very long time. Thank you Heart Share for everything you do with 88.7 The Bridge."

**Connie VanKleeck, General Manager, The Sound of Life Radio**

"Our station had a great fundraiser this Spring with Jack Eason of The Heart Share Group! Jack brought the right measure of focus, energy and heart to help us reach the financial goals for our event. His fundraising experience and dedication to Godly principles make us feel like we're working with a partner in our ministry and not just a vendor. We're grateful to Jack and would recommend him to any Christian radio station looking for a similar partner in ministry!"

**Brian Smith, General Manager & Morning Co-Host, 90.7 Hope FM**

"Our station is better than ever. I highly recommend the team at the Heart Share Group!"
